

**EASTERN MEDITERRANEAN UNIVERSITY**

**ACCREDITATIONS CATALOGUE**

**PREPARED BY  
INSTITUTIONAL DEVELOPMENT AND INTERNATIONAL  
ACADEMIC AFFAIRS OFFICE**

**JULY 2024**

## Foreword

It is my great pleasure to introduce our comprehensive Accreditation Catalogue. This catalogue has been meticulously developed to serve as a one-stop source for all the accreditation information pertaining to our esteemed university and its various faculties.

Our commitment to excellence in education is unwavering, and this catalogue is a testament to that dedication. It features a detailed overview of all current university-level and faculty-level accreditations, providing an essential resource for both academic and administrative departments within our institution.

The significance of this catalogue cannot be overstated. At Eastern Mediterranean University, we take immense pride in our ability to offer quality education that meets international standards. This catalogue not only showcases our achievements in securing prestigious accreditations but also underscores our ongoing efforts to maintain and enhance the quality of education we provide. By having a centralized source of information, we aim to facilitate better communication and understanding of our accreditation status across all departments.

I would like to extend my heartfelt thanks to the Institutional Development and International Academic Affairs Office for their tireless efforts in compiling this comprehensive document. Their dedication and hard work have been instrumental in making this catalogue a reality.

Our vision is to become a preferred, participating, and autonomous university, open to change and development, producing science and technology, and serving as a model for multicultural diversity. This catalogue is a vital tool in that journey, helping us to remain transparent, accountable, and focused on our goals. We believe that by clearly presenting our accreditations, we not only bolster our credibility but also inspire confidence among our stakeholders.

As you explore this catalogue, I hope you gain a deeper understanding of our university's commitment to maintaining high standards and fostering an environment of continuous improvement. It is my sincere belief that this resource will serve as a valuable guide for all the relevant members of our community.

Thank you for your interest and support in Eastern Mediterranean University's pursuit of excellence.

Prof. Dr. Hasan KILIÇ

Rector

Eastern Mediterranean University

# Eastern Mediterranean University

Since its establishment in 1979, the administrations of Eastern Mediterranean University, both former and present, have been diligently working to cultivate the university's Quality Assurance System. This system has been instrumental in creating an institution of higher education with all its educational programs accredited by the most prestigious international accreditation bodies, which attest to the quality of education and lifestyle provided for its students and academics throughout the years of service.

I would like to present some brief information about the achievements of the Eastern Mediterranean University (EMU) over the years. EMU, the oldest and largest university on the island of Cyprus, was founded in 1979 as the Institute of Higher Technology, an institution established in consultation with the **Turkish Higher Education Council (YOK)**. In 1986, the institute was formally chartered as a university under the title "Eastern Mediterranean University," with English as the primary medium of instruction. EMU operates under the full supervision and governance of the Turkish Higher Education Council (YOK), ensuring that our academic programs and institutional policies align with the highest standards set by the Turkish higher education system. As the university grew, its faculty and student population became progressively more international, and its vision and goals broadened beyond its national context to encompass a regional and international future. Over the years, EMU's campus and academic infrastructure have developed into a fully-fledged university, fully integrated with and recognized by **Turkish Higher Education Council (YOK)**.

Since its establishment, the EMU administration has emphasized internationalization, with enhanced momentum in 2000. The internationalization efforts of EMU are not limited to attracting students and academics from all over the world. The EMU administration is also very keen on developing international collaborations and exchange programs with highly prestigious academic institutions from all continents worldwide.

EMU has placed special emphasis on developing a Quality Assurance System (QAS) that covers a wide spectrum of educational, research, and service activities on a global scale. As a result of its fully nurtured QAS, all academic programs of EMU have gained relevant accreditations from the local Higher Education, Planning, Accreditation, and Coordination Council of North Cyprus (YODAK), the Turkish Higher Education Council (YOK), UK National Information Centre for global qualifications

and skills (UK ENIC), and from accreditation councils and other related institutions in the countries from which our students hail. EMU has also attained membership and accreditations from reputable international associations, such as the International Association of Universities (IAU), the European University Association (EUA), the Community of Mediterranean Universities (CMU), and the Federation of Universities of the Islamic World (FUIW). Recently, EMU was accepted into the Organization of Turkic States, Turkic Universities Union (TURKUNIB).

Eastern Mediterranean University's reputation for academic excellence and innovative research is reflected in our diverse student population of over 15,000 students from 105 different countries, as well as in our wide range of undergraduate and graduate degree programs offered across our 12 faculties and 4 schools, which have produced 75,000 graduates. Our 1,200+ faculty members from 35 different countries are highly qualified and recognized experts in their fields. Our strong alumni network has had successful careers in various industries. EMU has also established a robust framework for collaboration and mobility (for both staff and students) with numerous universities worldwide. As a result of our continuous efforts for development, EMU has become an internationally renowned university with an ever-growing quality spirit and rapidly expanding academic reputation.

Eastern Mediterranean University is a beacon of academic excellence and innovation. We are proud to share that, according to the Times Higher Education (THE) rankings EMU is ranked in the top 601–800 in the world. In the THE Young University Rankings, we have achieved an impressive placement of 151st, underscoring our dynamic potential for growth and development. Our university's dedication to meaningful research and education is reflected in a notable rank of 301–400 in THE Impact Rankings of 2024, an achievement that highlights our commitment to addressing global challenges and promoting sustainable development. EMU achieved its highest scores in the areas of "No Poverty," "Quality Education," and "Reduced Inequalities." EMU is ranked 1st in Northern Cyprus, as well as in the whole of Cyprus, and shares the 3rd position in Turkey.

EMU made a strong entry into the QS World University Rankings, a ranking where no university from North Cyprus had previously appeared. Evaluated within the 611–620 band among 1,500 universities from 105 countries, EMU surpassed 59.3% of the universities listed, marking a significant achievement. Further cementing our reputation, EMU has received 5 stars in Teaching, Employability, Internationalization, Facilities, and Inclusiveness.

Our university's recognition for academic excellence in specific disciplines is highlighted by the Shanghai Ranking's Global Ranking of Academic Subjects, which acknowledges our FIBAA (Foundation for International Business Administration Accreditation) accredited Faculty of Tourism as the 44th best in the world. These rankings testify to our high-quality education and research capabilities, preparing our students to become leaders in their respective fields. Similarly, the EMU Architecture Faculty holds the MIAK accreditation. The Business and Economics Faculty, Tourism Faculty, and School of Computing and Technology have been granted FIBAA accreditation. The AQAS-accredited Education Faculty English Language Teaching (ELT) Department also stands out. EMU Faculty of Tourism has additionally gained the accreditation of TEDQUAL, and the Computer Technologies and Information Systems offered by the School of Computing and Technology (SCT) successfully passed the ASIIN accreditation process. EMU Foreign Languages and English Preparatory School has successfully obtained EDEXCEL accreditation. Lastly, our University's Business and Economics Faculty is a full member of EFMD and AACSB.

T.C.  
COUNCIL OF HIGHER EDUCATION  
Department of Recognition and Equivalency Service

Number : E-16270968-102.02.03[102.02.03]-37243

Subject : Recognition of Eastern Mediterranean University

## DOĞU AKDENİZ ÜNİVERSİTESİ

Doğu Akdeniz Üniversitesi  
Leonardo da Vinci Sk.  
99628, Gazimağusa, K.K.T.C.  
via Mersin 10, TURKEY

Ref : Enquiry dated April 22, 2021.

Dear Aykut HOCANIN,

Recognition applications of foreign Higher Education Institutions (HEIs) are determined according to the related articles in the Regulations on Recognition and Equivalence of Foreign Higher Education which was formed in parallel with The Lisbon Recognition Convention Qualifications, (Convention on the Recognition of Qualifications concerning Higher Education in the European Region) and Article 7/p of Higher Education Law No. 2547.

Upon your request in the referred letter, we would like to acknowledge you that "Eastern Mediterranean University", operating in Turkish Republic of Northern Cyprus is officially recognized by the Council of Higher Education (CoHE). However, the below mentioned issues should also be considered in making recognition and equivalence applications for foreign higher education qualifications.

Eventhough recognition of a higher education institution and equivalence of a qualification are closely related to each other, assessment can lead to diverse decisions depending on the nature of the application. Higher education qualifications are assessed in individual basis by specialized Commissions and final decision is given after detailed evaluation of the degree with comparison to Turkish equivalent.

CoHE reserves the right to bring diverse approach for recognition issues in future practices.

Kindly submitted for your information.

## HIGHER EDUCATION PLANNING, EVALUATION, ACCREDITATION AND COORDINATION COUNCIL

Date : 28.03.2024

Number : 2/2006 -24 -147

Subject : About Eastern Mediterranean University.

### TO WHOM IT MAY CONCERN

Please be informed that the Higher Education Planning, Evaluation, Accreditation and Coordination Council (YÖDAK) is an autonomous body established by statute (No. 65/2005) with the mandate of overseeing the planning, evaluation, accreditation, coordination, and quality assurance of higher education institutions in Northern Cyprus. Higher Education Institutions are established within the framework of Higher Education Law. The law includes the article which states that the higher education system in the Northern Cyprus follows the rules of the Bologna Process in terms of credit system, mobility, qualifications framework and the quality assurance. All programs of higher education should be accredited by YÖDAK.

Eastern Mediterranean University (EMU - North Cyprus), which was established in 1979, is a recognized higher education institution by YÖDAK.

Should you require additional information, please feel free to contact us.

Your faithfully,

A handwritten signature in blue ink, which appears to be 'Aykut Hocanın', is written above the name 'Prof. Dr. Aykut Hocanın'.

Prof. Dr. Hasan Demirel  
Leonardo da Vinci Sk. / Str.,  
99628, Gazimagusa, KUZEY KIBRIS /  
Famagusta, North Cyprus  
Via Mersin-10 Turkey

15<sup>th</sup> March 2021

Dear Prof. Dr. Hasan Demirel,

**Re: Eastern Mediterranean University, Turkish Republic of Northern Cyprus**

Further to your recent correspondence, I am writing to confirm the following:

Although UK ENIC is not in the position to comment on the Turkish Republic of Northern Cyprus as an internationally recognised independent state, we acknowledge that degrees awarded by EMU are accredited and accepted by the Turkish education authorities as being the same standard as those awarded by recognised Turkish higher education institutions. A recognised Turkish Bachelor degree (Lisans Diploması) is considered comparable to British Bachelor (Honours) degree standard.

It is recommended that degrees from EMU be considered in this context by potential employers and admitting institutions.

Yours sincerely,

Paul Norris  
Head of UK ENIC

*Sent via email*

Dear Dr. Hocaban:

At their October 27-28, 2022 meeting, the directors of the National Architectural Accrediting Board (NAAB) reviewed the Visiting Team Report for Eastern Mediterranean University's International Certification.

On behalf of the directors of the Board, it is my pleasure to inform you that the Bachelor of Architecture (158 credits) degree offered by the Department of Architecture has been granted continuation of NAAB International Certification for a term of six years, effective January 1, 2022. Eastern Mediterranean University's next visit will be held in 2028.

Consistent with the *2019 Procedures for NAAB International Certification*, all programs with Visiting Team Reports that identify 'not-met' Student Performance Criteria are required to submit an Interim Progress Report (IPR). Your program is required to submit an IPR to address the program's progress in correcting the not-met Student Performance Criteria identified in the 2022 Visiting Team Report on or before **November 30, 2025**. The NAAB will provide a template for the report under a separate cover on or before March 30, 2025.

Further, the program is required to make the following documents available, in their entirety, on the Eastern Mediterranean University website:

- 2022 Visiting Team Report (attached)
- Program Self-Evaluation Report prepared for the 2022 visit
- [2019 Conditions for NAAB International Certification](#)
- [2019 Procedures for NAAB International Certification](#)

Thank you for your continued support of quality assurance in architecture education.

Sincerely,

David Hoffman, FAIA, NCARB, Hon. FCARM  
President
